August 18, 2008

Dear Chief/Sheriff:

On behalf of the Florida Crime Prevention Association (FCPA) I want to start by saying how much we appreciate and value your agency's support over these many years. The FCPA is the oldest crime prevention association in the United States, and over the years, the FCPA has continued to offer crime prevention training through our annual conference.

The 2008 Southern States Crime Prevention Training Conference in Sandestin, Florida, is only a couple of months away. We understand that with the passage of Amendment I, many of our law enforcement partners need to find ways to make their budget go further so this year's conference will bring together the best training methods that have been developed by the leaders in law enforcement. For the first time we have brought together instructors from such prestigious organizations as the National Sheriff's Association, International Association of Chief's of Police, National Crime Prevention Council, Volunteers in Police Service (VIPS), American Crime Prevention Institute and the Seniors vs. Crime Program of the Florida Attorney General's Office to name just a few. And it doesn't stop there. The association has gone even further to assist in your budgetary considerations. *For every three paid registrations you will get an additional one for free. Think about it, you can provide world class training to four people for the price of three.*

Our conference has been divided in to three training tracks; basic, youth and senior crime prevention. Each is designed to address community issues and to provide a wide range of information along with the skills necessary to deal with these topics. The breakout sessions are tailored to the needs of today's crime prevention practitioners, and will place great emphasis on programmatic initiatives giving the practitioners the knowledge, tools and resources to do their jobs successfully.

This training opportunity is perfect for crime prevention officers and staff, school resource officers, volunteers, crime watch participants, and any other member of the community who is interested in learning more about crime prevention and the issues that face our communities every day.

We are happy to see that many law enforcement agencies from the southern United States have already registered and look forward to the discussions and ideas they will bring to the field of crime fighting. We hope you too will take advantage of this training opportunity. We look forward to seeing members from your agency in Sandestin in October 2008. In the meantime, please visit our website www.FloridaCrimePrevention.org. You may register online or by completing the enclosed registration form. If you have any questions, or would like to learn more about our organization and conference details, please contact us at 863-763-6064.

Yours in service,

Keith Stripling, President
Florida Crime Prevention Association
